

Dear Jake Bergen,

Congratulations. Your film What is Human? has been accepted to the 2nd annual Franklin International Independent Film Festival to be held November 1-4, 2018.

We encourage you to place the Acceptance laurel (attached) to your Website and film poster as well as your social media if you choose.

We need from you at your earliest convenience the most recent trailer and your poster for our website and PR use. On a weekly basis we upload trailers from our 2018 films. This is to generate excitement for our audience who is enthusiastic and willing.

Last year we screened 57 films from 10 countries and look to almost double that in 2018. Please let us know if you will be attending the festival. We have industry heavyweights planning to participate in the festival in multiple ways and are excited to share that with our audiences and filmmakers.

We will be able to provide discounts via a local lodging and would enjoy including you in our upcoming press and can provide information on Airlines and etc.

Again, congratulations! We look forward to screening your film and hope to meet you in the future.

Best wishes,

Julianne Jones
Festival Creative Assistant
